Coverage for: Employees & Dependents | Plan Type: PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health <u>plan</u>. The SBC shows you how you and the <u>plan</u> would share the cost for covered health care services. NOTE: Information about the cost of this <u>plan</u> (called the <u>premium</u>) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, please call 1-877-405-2926. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or by calling 1-877-405-2926 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Tier 1: \$0 / \$0; Tier 2 In- Network/Participating <u>Providers</u> : \$4,500/person; \$9,000/family; Tier 3 Out-of- Network/Non-participating <u>Providers</u> : \$4,500/person; \$9,000/family	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. <u>Preventive Care Services</u> , and some services that charge a <u>copayment</u> , such as primary care, specialty care and prescription drugs are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	\$250/person / \$500 family Prescription Drug <u>Deductible</u>	The Prescription Drug Deductible must be satisfied before a copayment will apply.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	Tier 1 & 2 In-Network/Participating Providers: \$8,700/person; \$17,400/family Tier 3 Out-of-Network/Non-participating Providers: \$17,400/person; \$34,800/family;	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	Penalties for non-compliance with <u>plan</u> provisions; <u>premiums</u> ; <u>balance-billing</u> charges and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they do not count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. https://hstconnect.com/ or call 800-440-7427 for a list of network providers .	You pay the least if you use Tier 1 providers to whom you are referred by your Care Coordination Team. You pay more if you use a Tier 2 In-Network/Participating provider. You will pay the most if you use a non-participating/ out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Non-compliance with using recommended providers subject to precertification will result in a penalty of \$500.00 plus 25% benefit payment reduction on covered procedures.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No, but it is highly recommended.	If you use a specialist through care coordination, your quality of care may be increased and your out-of-pocket cost will be reduced.
